Super Swift Service

If you select this option, we'll ship your order in under 5 business days. For example: An order placed Monday will ship no later than the following Monday, barring holidays. *Note* This only affects manufacturing time.

Medium Run

The medium run is for higher volume 2 layer orders and reduces the price to \$1 per square inch, at the expense of a longer manufacturing time.

To qualify for a medium run, your total order must surpass 150 raw square inches, and you must order each design in a multiple of 10.

The medium run order is generally much slower than the normal order and can take **2 to 4 weeks** before shipping.

Designed and developed by [Resistor](#).
